AUGUST 28, 2017
NOTICE TO PARENTS AND EMPLOYEES

(Publication of this notice is required by regulations of the Environmental Protection Agency.)

SUBJECT: Compliance with Environmental Protection Agency (EPA) Guidelines for the Asbestos Hazard Emergency Response Act of 1988 (AHERA)

In accordance with regulations of the Environmental Protection Agency (EPA) all four (4) of the Somerset Public Schools and Somerset Berkley Regional High School have been inspected and Management Plans developed by:

EnviroScience Consultants, Inc.
66 Cedar Street
Newington, Connecticut, 06111
Telephone: 1-203-666-7167

The firm has certified that all asbestos in all schools has been contained as required by regulations of the EPA. Recommendations for repair, encapsulation and removal have been established for each school and are contained in the *Management Plans* for each school.

ATC Environmental, Inc, of Providence, RI, was contracted to perform and submit a comprehensive report on a re-inspection of all buildings in the summer of 2015. This practice is repeated every three years. New Management Plans are now available for viewing.

In addition, ACBM areas of all buildings are thoroughly inspected on a twice-yearly basis by Mr. Carlos Campos, Buildings & Grounds Supervisor. Should any questionable areas be observed, they are immediately reported and repaired. An extensive report is forwarded to Central Office after each inspection. **Somerset Berkley Regional High School is free of asbestos containing materials.**

Management Plans are available in the Principal's office at each school and also at the Administration Office of:
