

Superintendent's Goals, SBRHS, 2019

Professional Practice

Goal: Meeting Leadership

- I will develop and use effective strategies to actively engage administrators in bi-monthly leadership meetings to focus more time on instructional and district improvement and no more than 25% of the time on basic administrative tasks and information sharing.

Student Learnings Goals

Goal: Innovation Pathways

- Seek approval from the Department of Elementary and Secondary Education to establish at least one innovation pathway at SBRHS beginning in the 2020-2021 school year

Goal: Create dual enrollment options for students

- Establish policy and/or incorporate changes into the student handbook addressing dual enrollment opportunities for students, procedures, and requirements for dual enrollment
- Establish partnerships with local institutes of higher education to allow dual enrollment opportunities for students

Goal: Address Academic and SEL Needs of Students

- Develop a multi-tiered system of supports to address the academic and social-emotional needs of students to ensure that the district accelerates achievement and growth for all students

District Improvement Goals

Goal: School Culture and Climate Survey/Needs Assessment (Strategic Planning Process)

- Identify school culture and climate needs and develop an implementation plan to address the identified needs.
- Gather information from students, families, and staff through surveys and a public forum
 - Compare to previous surveys from 2015
